# Hello, I'm Carson Keppel.

---

I'm a marketing graduate from California State University San Marcos, class of 2026, with a 3.92 GPA and Summa Cum Laude honors. My experience was built outside the classroom: directing social media strategy that reached tens of thousands of views, running events for 100+ people, and managing budgets up to \$15,000.

For nearly three years I worked at In-N-Out Burger, earning six promotions in two years by showing up every single day, learning every position, and leading by example in one of the highest-volume fast-food environments in the country. That kind of discipline follows me into everything I do.

My goal is to join a team where I can contribute from day one, exceed expectations consistently, and grow into a senior marketing role over time.

# Case Study.

Chapter Growth Campaign | Alpha Sigma Phi Fraternity | President, 2025-2026

## The Challenge

Four fraternities competing for the same limited pool of new members. Playing by the same rules as everyone else would produce average results.

## The Approach

Cold outreach beyond the known pool. Relationship-first recruiting: build a genuine connection before mentioning the fraternity. Year-round pipeline, Instagram content strategy, and IFC coordinated reach.
